

Twister

Vacuum mixing unit

R1826-0000

\$1,668

The Twister is the answer for reliable processing of large amounts of material, due to its variety of features and integrated technology.

Twister evolution

Vacuum mixing unit

R1828-0000

\$2,370

High speed, vacuum mixing unit, diaphragm pump for the vacuum and eight programmable mixing functions. Reduction of bubbles due to vacuum which can be regulated from 70% to 100%.

Vortex compact

3L Device extraction unit

R2924-5000

\$993

A virtually dust-free disposal of collected dust by means of extremely tear-resistant, and large filter bags (15L).

Features a 25% increase of the filter capacity at the push of a button, with free filter system.

SILENT powerCAM EC

R2939-0000

\$3,177

Powerful, dustbag-free suction with automatic filter cleaning and EC motor technology for heavily used cam units.

High suction power of 38 m/s. No follow-up costs due to bag-free dust collection.

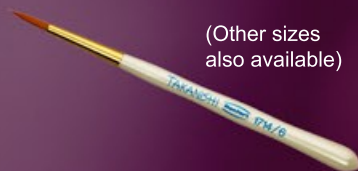

Takanishi Brush

Synthetic bristle brush

R1714-0006 (Size 6)

\$26

Very high quality synthetic bristle brush which has been well proven for many years for the optimal porcelain build-up.

(Other sizes also available)

Dynex Discs

Separating discs

R56-0220	20 x 0.2mm (10 pcs)	\$62.00
R56-2520	20 x 0.25mm (10 pcs)	\$66.00
R56-0320	20 x 0.3mm (10 pcs)	\$69.00
R56-0820	20 x 0.8mm (1 pce)	\$29.00

Flexible diamond grinding and separating discs with glass fiber reinforcement. (R56-0820 for ceramic)

RENFERT PROMO

Until 30th April 2019

SILENT compact

Single workbench extraction

R2934-0000

\$1,579

No follow-up costs due to bag-free dust collection, low operating noise of max. 56.9 dB(A).

1,000 operating hours guaranteed with the suction turbine due to innovative transformer control.

SILENT compactCAM

R2934-2000

\$1,717

Features bi-directional communication between extraction unit and CAM unit thanks to the PLC interface.

Has a low operating noise of max. 56.9 dB(A), and 1,000 operating hours guaranteed with the suction turbine

AUTO spin

Pin drilling unit

+ Accessories:

- Base plate (100pcs, R1860-0200)
- Secondary plate (50pcs, R1860-0300)
- Silicone Putty (1kg, R1860-0400)
- Cone pin (1,000pcs, R369-2000)

A time and cost investment and saving, due to reduced use of dental plaster.

It features safe positioning and alignment in challenging impression situations due to the innovative Renfert Level Controller.

There is also flexible use for almost any plate geometry due to the universal plate holder with secure double fixation.

R1860-0000

\$2,524

GEO Expert

Functional Modelling waxes

R634-0900

\$125

GEO Expert Functional waxes are high-quality waxes for functional wax-up according to the natural wax-up technique (NAT) by Dieter Schulz.

Top Spin

Pin drilling unit, 100-240V

Provides the advantages of precision, reliability and durability. We have been successful in greatly increasing the previous level of quality.

You will be fascinated by the unique concentricity, special drill technology and unparalleled dust protection. Features a powerful motor without losing performance during drilling 8 000 rpm.

Accessories:

Pro-Fix Precision Pin (1,000 pcs, R367-2000)
Bi-V-Pin + Plastic sleeve (1,000 pcs, R329-2000)

R1840-0000

\$1,607

MT3 Wet trimmer

R1808-0000 (Klettfix disc)

\$1,095

R1808-0500 (Marathon disc)

\$1,769

The MT3 has uniform coverage by the optimally positioned spray tube prevents clogging of the trimmer disc.

Vibrax

Vibrator

Ball (sold seperately)

R1830-0001

The Vibrax features bubble-free flow behavior using two wave ranges with 4 levels of intensity.

It features reduced transfer of the vibrations to the workbench as the housing is oscillation decoupled.

The Vibrax has a long service life using a maintenance-free vibration magnet.

R1830.0000

\$766

Waxlectric I & II

Electric wax knife

R2156-0000 (Waxlectric I)

\$371

R2157-0000 (Waxlectric II)

\$455

Waxlectric I is the professional introduction to the electric wax knife range. Integrated holders provide ergonomic access to the handpiece and exchange tips.

Waxlectric II is the professional device in the electric wax knife range which can be operated with two handpieces simultaneously. Fast heat-up rate and low heat transfer to the handle thanks to the heating element integrated in the tip.

EASY view 3D

3D video microscope

An innovative video microscope featuring a 3D monitor, which is not only suited for viewing objects, for routine processing and quality control, but equally useful for educational, training and documentation purposes.

R2400-0500

\$6,500

Basic eco

Fine sandblasting unit

R2949-2025

\$1,007

The Basic eco features a maximum field of vision thanks to a large viewing panel with innovative LED lighting. Sufficient freedom of movement in the large sandblasting chamber (10L).

Basic master

Fine sandblasting unit

R2948-2025

\$1,740

A fine sandblasting unit with 2 blasting tanks and large blasting chamber. Great cost efficiency through special mixing chamber technology (Venturi-Principle). 20L blasting chamber size.
