MaskIMP3PlyEL 3 Ply SPM with Earloops

FFP2 Moulded Respirator Masks

FFP2 Moulded Respirator

This moulded mask features a metal noseclip and closed-cell foam nosepiece for superior seal, plus non-memory elastic to suit all head sizes.

Meets the following standards:

- » EN149:2001
- » AS/NZS 1716:2003
- » CE 0086

20 units per box. 12 boxes per case.

HI8620 FFP2 Moulded Respirator - Box 20

FFP2V Moulded Respirator with Valve

This mask is fitted with a valve to reduce breathing resistance.

Also features a metal noseclip and closed-cell foam nosepiece for superior seal, plus non-memory elastic to suit all head sizes.

Meets the following standards:

- » EN149:2001
- » AS/NZS 1716:2003
- » CE 0086

10 units per box. 12 boxes per case.

HI8622 FFP2 Moulded Respirator with Valve

FFP2CV Moulded Active Carbon Respirator with Valve

This mask features an active organic carbon layer to help remove odours from low-level organic vapour.

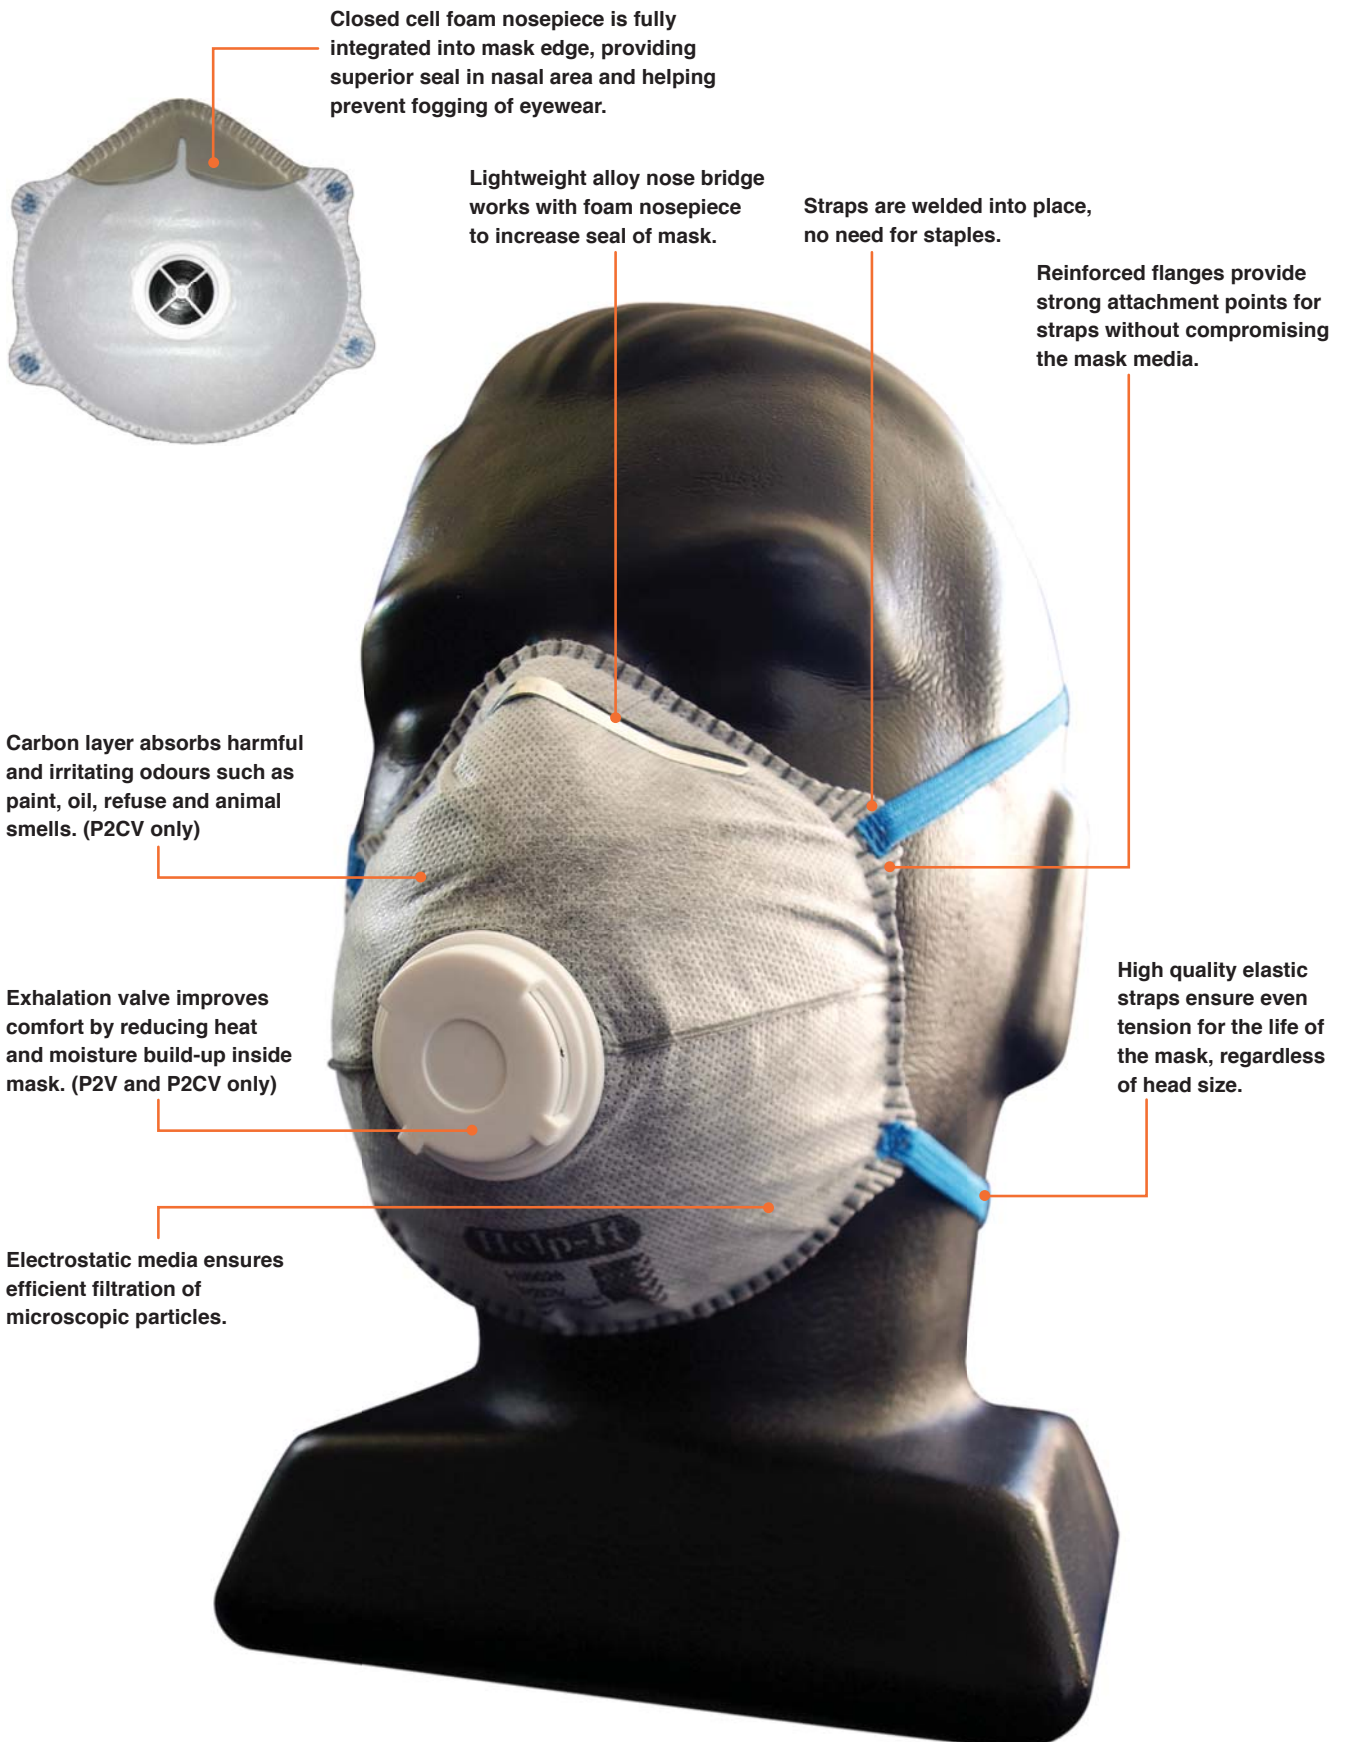

Also features a valve to reduce breathing resistance, metal noseclip and closed-cell foam nosepiece for superior seal, plus non-memory elastic to suit all head sizes.

Meets the following standards:

- » EN149:2001
- » AS/NZS 1716:2003
- » CE 0086

10 units per box. 12 boxes per case.

HI8626 FFP2 Moulded Active Carbon Respirator with Valve

Closed cell foam nosepiece is fully integrated into mask edge, providing superior seal in nasal area and helping prevent fogging of eyewear.

Lightweight alloy nose bridge works with foam nosepiece to increase seal of mask.

Straps are welded into place, no need for staples.

Reinforced flanges provide strong attachment points for straps without compromising the mask media.

Carbon layer absorbs harmful and irritating odours such as paint, oil, refuse and animal smells. (P2CV only)

Exhalation valve improves comfort by reducing heat and moisture build-up inside mask. (P2V and P2CV only)

Electrostatic media ensures efficient filtration of microscopic particles.

High quality elastic straps ensure even tension for the life of the mask, regardless of head size.

Reflective Vests

Miscellaneous

Help-It Industrial Wipes

Help-It™ antibacterial Monster Wipes are ideal for use in manufacturing, automotive, construction and other industrial workplaces. Large and strong, they are also great for the home workshop or garden shed.

They effectively remove dirt, grease, oils, silicones, cable filling compounds, paint, ink, caulking and adhesives from skin and most surfaces, while Vitamin E and aloe vera help moisturize and soften skin.

- » Pack of 80 wipes.
- » Size of wipes: 200 x 300mm
